STATEMENT BY THE PARISH COUNCIL IN REGARD RELEASE OF THE PRIVATE EMAIL BETWEEN COUNCIL AND CLERK

23 SEPTEMBER 2021

The Councillors and Clerk of Nocton Parish Council wish to express an apology for any offence the community may have felt was caused by the release of an email conversation between the Council and staff.

The conversation was the result of frustration the Council have felt following the actions of some members of the community the Council felt were an attempt at destabilising the Council.

While it is not an excuse, the Council does wish to state that the email exchange was private and by its release has caused additional consternation and anxiety within the community which does not help anyone.

We hope that we can consider the matter closed.

Thank you.

Cllr. M Clarke
Acting Chair of the Parish Council

Mr. S Baxter
Clerk of the Parish Council
